

for 24 strings  
Erik Carlson  
2018

A series of chords.

Players generate their own score.

Each chord is played softly and at a tempo of ~20bpm.

For each chord, a number of voices is randomly chosen from 0 to 24.

Then that number of pitches from the collection C3 - B4 are chosen.

Each player is assigned one unique pitch that they play for the entire piece.

Play for as long as desired.
