

for 2 players (on identical instruments)  
by Erik Carlson  
2016

On the following pages are listed (in random order) series of 7 intervals.

These intervals create rising 8-note scales. A "1" indicates a rising half-step, and a "2" represents a rising whole-step.

The two players decide on a set of 3 adjacent pitches (for example, A4, A#4, B4) which are the possible pitches on which to begin a scale.

For this piece, each player will repeat this process:

- 1) choose a pitch randomly from the collection of 3 on which to start a scale
- 2) choose an interval pattern randomly which will generate the scale
- 3) play the resulting 8-note scale in rhythmic unison with the other player's 8-note scale, at tempo ca. 110.
- 4) rest for 8 beats while repeating steps 1) and 2)

Play gently; dolce.

Play for as long as desired.
