

tenth piece for 3 string quartets  
Erik Carlson  
2017

Each player is assigned a unique pitch  
from the 12-note set D3 - C#4.  
Avoid open strings.

Beginning together,  
each player sustains their pitch  
with a soft tone.

For all players,  
on each bow change,  
an accent  
and then back to very soft.

Bow speed should start at around an 8-second bow.

Each player has a randomly generated part  
with a series of F's and S's.  
For example:

F F S F S F S S S F etc.

Each letter corresponds to a bowstroke,  
indicating if it should be a slightly faster or slower bow than the preceding bow.

Play for as long as desired  
but end together.
