

8th piece for 3 string quartets
Erik Carlson
2017

The players generate their own score.

The piece consists of a series of sections.
Play as many sections as desired.

In each section, each player plays 12 pitches.

The range of the piece stays within the pitches G3 - F#4

In each section, a new 12-tone row is chosen
and a standard 12x12 matrix is created.

One direction (for example, left to right)
is chosen to provide pitches for each player
(one player per row)
0=G3, 1=G#3, 2=A3, etc.

and a different perpendicular direction is chosen
(for example, top to bottom)
to provide durations for each player
(one player per column).
0=1 beat, 1=2 beats, 2=3 beats, etc.
Tempo ~800 bpm.

Play gently, blending.
Sections are attacca.
The border between sections should consist of every player
changing bow together to create a new aggregate.
