

for at least 4 string players
Erik Carlson
2018

To be played in a quiet grassy field.

The sound of the piece is generated by each palyer choosing a blade of grass,
taking the end of the blade of grass with their finger-tips,
holding it taught,
and bowing it with their bow.

All players start at one end of the field and slowly make their way towards the other end.

Play for as long as desired.
