

for any number of players
Erik Carlson
2017

Each player chooses a sound to play
for exactly one second
in rhythmic unison with all the other players.

Balance as well as possible.

To be played in any space,
indoors or outdoors.

After the sound is played,
everyone should remain as still as possible
for at least one minute
while the vibrations
reverberate, expand, and permeate
long after they are no longer audible.
