

9th piece for orchestra  
Erik Carlson  
2017

The piece consists of a series of 30-second phrases.

Each phrase starts with a single chord one second in duration.  
Each player chooses a note they can sustain softly for one second  
(microtones are fine).  
Blend.

Then 4 seconds of silence.

Then a section 20 seconds in duration,  
in which each player repeats their note  
(again softly, sustained for one second)  
but occurring at any moment during the 20 seconds.

Then 5 seconds of silence.

Repeat for as many phrases as desired  
(each time each player chooses a new pitch).
