

fifth piece for piano

Erik Carlson

Performers should make their own parts.

Each 3-note group has one note different than the previous 3-note group.
Which of the 3 notes is changed and what pitch that note is changed to is randomly chosen.
The pitch range is restricted to F2-E6

Perform for as long as desired.
Phrasing should follow natural patterns of the notes and not the 12/8 meter.

A sample score is below.

♩ = 86
