

11th piece for several players  
Erik Carlson  
2017 – ELMS

Each player chooses a pitch (microtones are welcome)  
that they can sustain for a few seconds  
softly and evenly  
sung or played on an instrument

Each player watches a stopwatch  
(preferably use only one that everyone can see)

Each player randomly chooses a start time and an end time  
from the lists below

The lists are only to help facilitate randomness  
Each player starts to play between 6 and 10 seconds  
and ends between 10 and 14 seconds  
Everyone should be sounding their pitch together at the 10 second mark

Each player plays their chosen pitch  
gently and blending with the others  
beginning and ending at their chosen times (to the best of their ability)
