

for any number of pianos  
Erik Carlson  
2016

Each player creates their own part,  
which consists of a series of randomly generated 0's and 1's.  
for example:

0 1 0 0 1 1 1 0 1 etc.

The numbers represent notes (0 = D4, 1 = E4)  
played at a steady pulse of ~60 bpm  
(tempo is flexible depending on number of pianos and performance space)  
Mezzo-piano. With sustain pedal. Dolce.  
All play in rhythmic unison.

Begin and end together.  
Play for as long as desired.
